

Instruction Manual

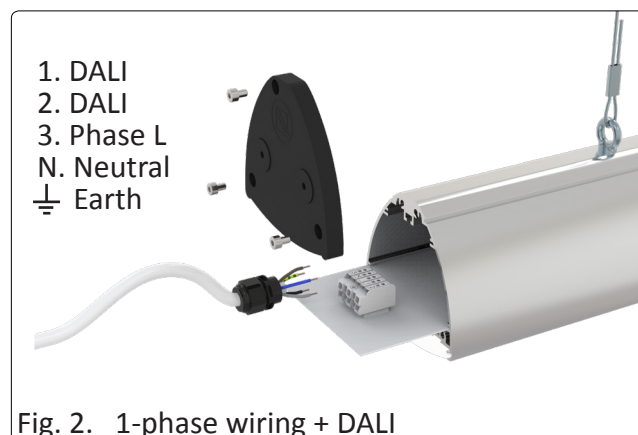

Safety Warnings: This product must only be installed by a licensed electrician!

To install the Neo-Shape luminaire, please follow the steps listed below:

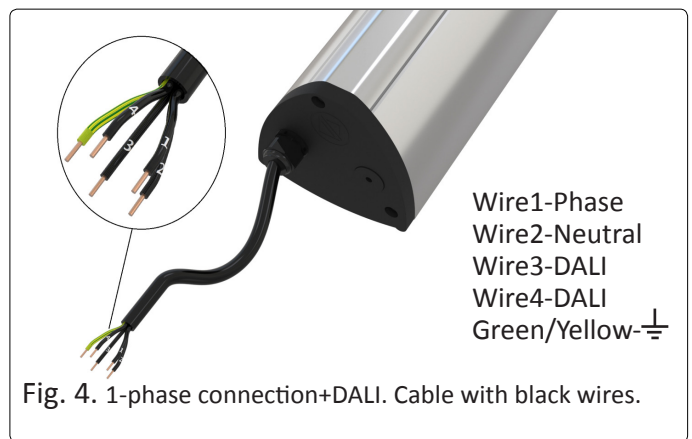

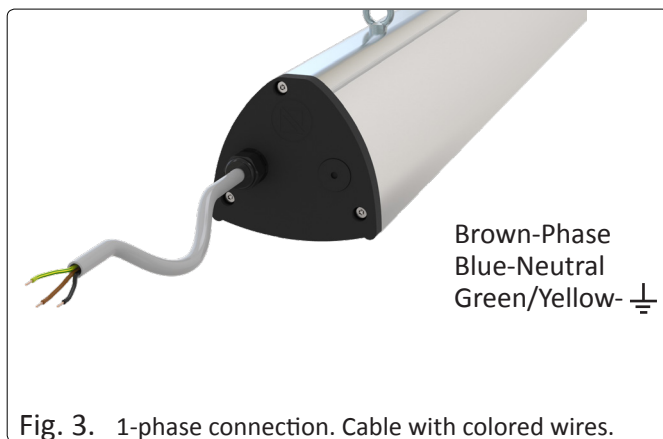

1. Remove the product from the box and inspect it for any damage. If the product is damaged or otherwise unsound, DO NOT install it. Please pack it back in its box, and return it to the place of purchase for replacement. If the product is satisfactory, proceed with the installation.
2. Remove access plate for wiring access - only for luminaire IP51. See Fig. 1

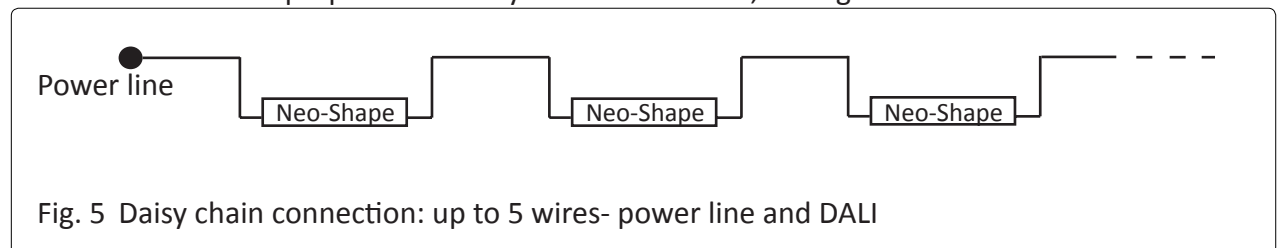

3. Neo-Shape IP51 comes with fast connector "push and release". See Fig. 2 how to connect cable wiring.

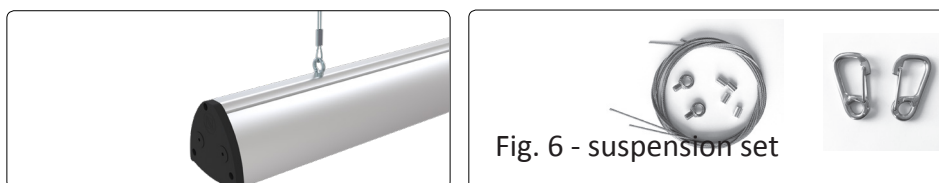

3.a. Neo-Shape IP68 is with premounted cable (customized length) for power connection.
See Fig. 3 and Fig.4

The luminaire IP51 is prepared for daisy chain connection, having one cable connector at each

- 4.** Neo-Shape luminaires can be installed in 2 different ways. (Accessories orders separately.)
A. Suspended with Hanger Brackets. See Fig. 6

- B.** Direct ceiling mounted, using AB Brackets. See Fig. 7
