LED OFFICE FLOOR LAMP

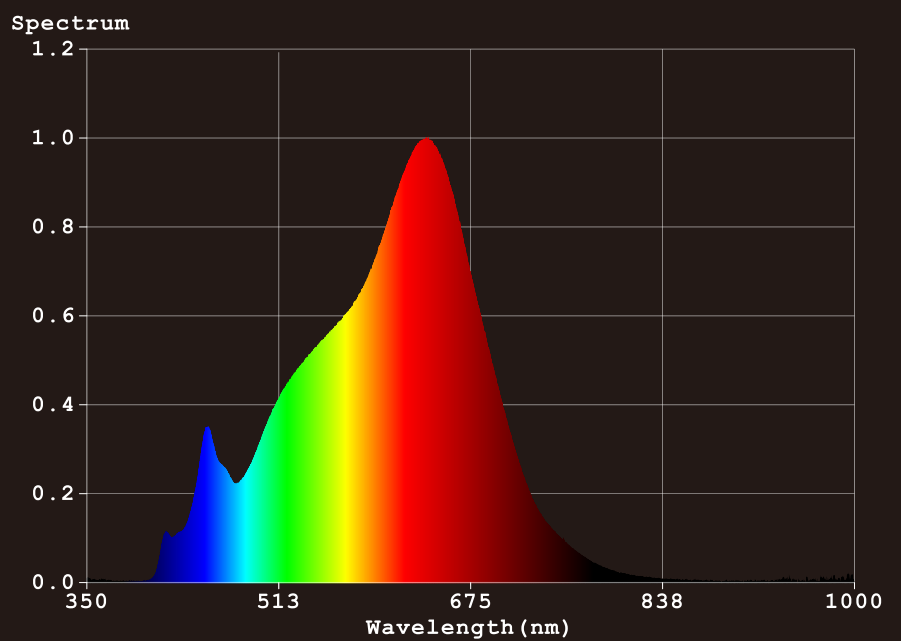

SUNLIKE LED

Close to pure daylight spectrum

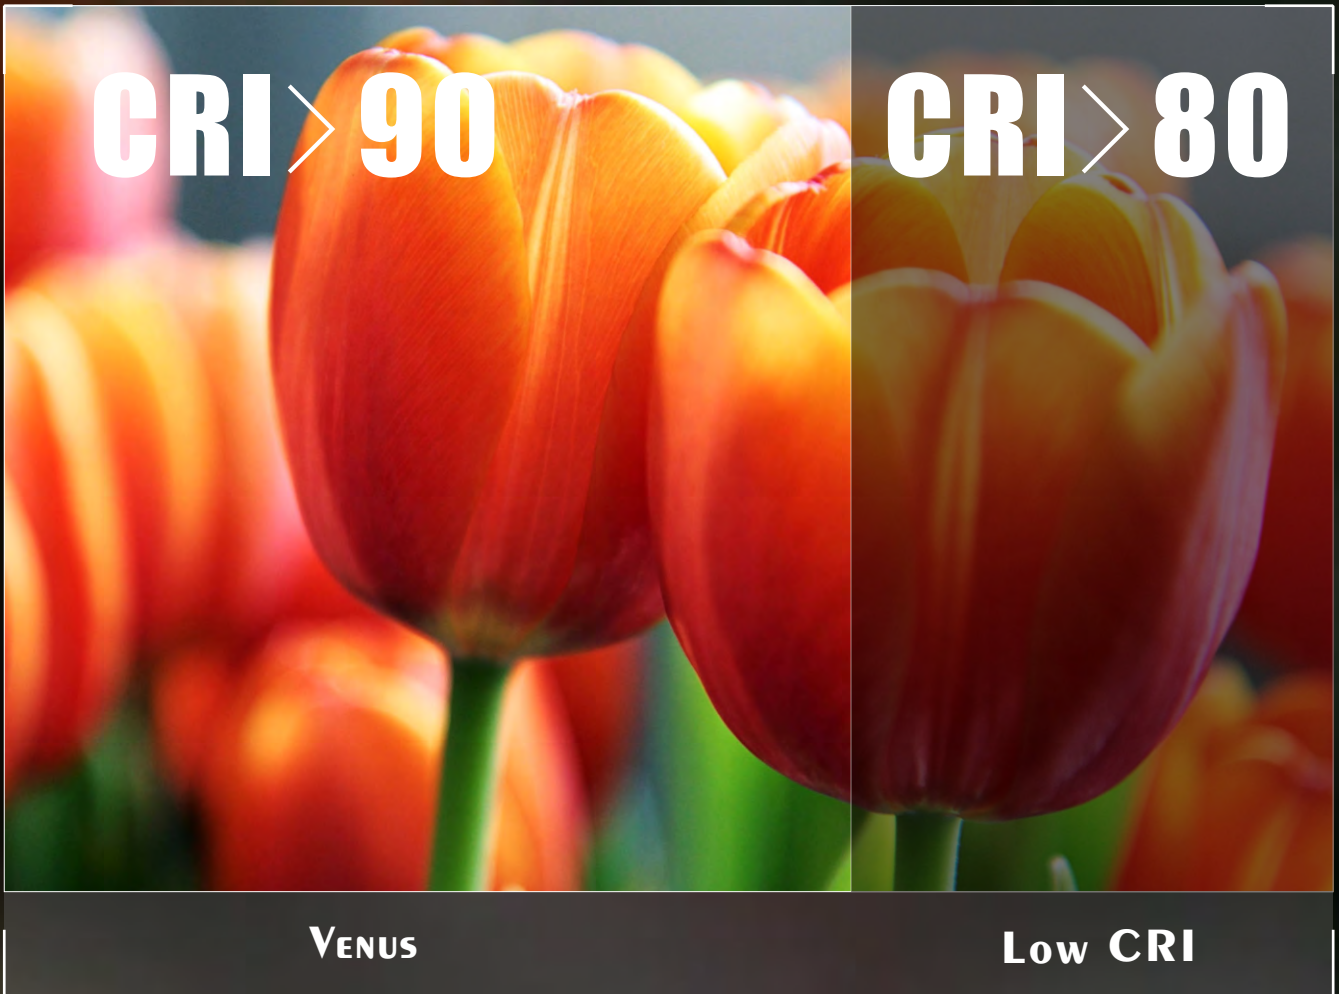

Less visual fatigue

HIGH CRI

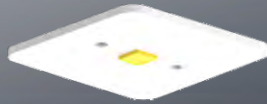

Better color recognition

Thanks to the benefit of advanced LED ,vitality of the swaying tulip can be delicately presented

LOW GLARE

Advanced Recessed reflectors

LED Chips

Holder

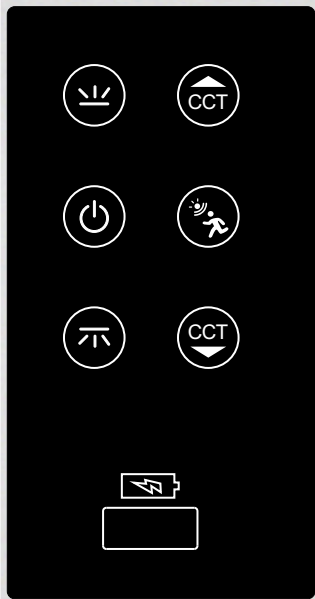

Secondary Optics

Anti-glaring parts

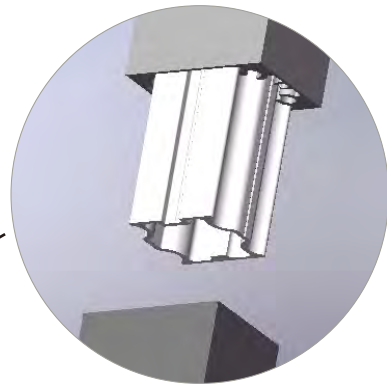

UGR < 13

- Less visual fatigue
- Higher working efficiency

CONNECTION

- Two poles connected into one pole
- Smaller packing volume
- Easier for transportation

CONNECTION JOINT

ROTATABLE

Choose just right

SPACE LIGHTING

Direct & Indirect lighting combined

Create a homogeneous lighting

↑ 66W

Indirect light

Direct light

↓ 34W

CCT TUNABLE

Independent CCT tunable for up/down luminaire

SENSING

① Motion sensing

Max motion range: 7m

Motion & Daylight sensing

② Daylight harvest
